

ANASTASSIA MARTSENKO

Web Developer
Teacher

WORK EXPERIENCE

Teacher

2019 - 2023

HELLOIT GROUP OÜ

- Taught the basics of programming to school-age children (Minecraft Education Edition, Java, Python, HTML/CSS/JS, Unity).

Education Coordinator

2019 - 2022

HELLOIT GROUP OÜ

- Created and updated study programs.
- Analyzed students' performance.
- Analyzed students' performance.
- Communicated and resolved issues with clients.

Web Developer

2019 - 2021

IT SOLUTIONS GROUP OÜ

- At first, I worked a lot with Wordpress. Made changes to the design of the sites. Added or changed the functionality of the sites and the plugins used by the sites (HTML/CSS/JS, PHP).
- I wrote a web application using the Symfony framework for a company that provided a service for the repair of mobile devices. The application allowed entering customer data, after which it automatically sent SMS to customers depending on the status of the repair. In addition, the application was integrated with Erply through an API, which made it possible to create profit charts for different months and at different service points.

Website Moderator

2018

BALTIC SUPPORT OÜ

- Moderated websites according to company rules.
- Every month I took a test on knowledge of the rules of moderation.

Intern

2017

ERICSSON EESTI AS

- Together with IT-technicians solved technical problems at the factory of the enterprise.

Assembler

2014

ERICSSON EESTI AS

- Mounted components on the boards.
- Fixed defects on boards.
- Gave information about problems and defects.

ABOUT ME

I'm not a very experienced web developer. I want to develop further in this direction, but if I see interest and prospects in some other area, I can always start doing something new, because I'm open to new knowledge.

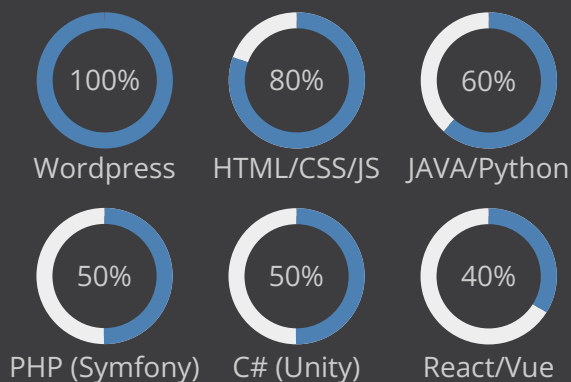

PERSONAL CHARACTERISTICS

- Conscientious
- Responsive
- Reliable
- Hard-working
